

WorkRamp Roadmap

Employee Learning & Customer Learning Cloud

Now (Next 3 months)	Next (Next ~6 months)	Later (Active Exploration)	Done (Recently Released)
WorkRamp MCP Server (ELC) Connect AI agents directly to your learning data - query, report, and act without leaving your tools.	Events Enhancements (ELC+CLC) Customer driven enhancements, plus improvements to our integrations & UI.	Elucidat integration (ELC+CLC) Seamless integration for world-class content authoring.	Analytics Studio Omni AI (ELC + CLC) Ask questions, get answers. Explore your WorkRamp data in natural language
Automation Failed/Passed Triggers (ELC) Automate workflows based on whether a learner Passes or Fails	Challenge Enhancements (ELC) Smarter AI, greater flexibility for learners and admins.	Impact Agent (ELC) Automatically analyse real-world Revenue team performance then take action and show learning ROI.	Academy Portal Localisation (CLC) Deliver a native language experience for global teams.
Improved Trash & Restore (ELC) Stability and admin experience.	UK Localisation (ELC+CLC) Introducing UK Date/Time and language.	Enablement Programmes (ELC) Automated programmes of learning & performance with AI-powered impact measurement.	AI Simulations (ELC) Interactive, deeply contextual AI simulations and easy to configure simulations builder.
Richer Collections (CLC) Now with Paths, Certifications, Events and Sub Collections.	Confirm Integration (ELC) Link your training directly to measurable performance.	Revenue Readiness Agent (ELC) Build GTM colleague confidence in the flow, analyse their performance, build their skills and confidence.	Prerequisites (CLC) Ensures learners have the necessary knowledge before accessing advanced materials
Bulk Contact Invite (CLC) Reduce friction for large-scale user onboarding and cohort launches	AI Simulations in Academies (CLC) Your partners and customers practice the conversations that matter, before they happen		Custom Roles (CLC) Create and assign tailored, custom permission profiles for Academies

**Items on our roadmap are subject to change as requirements are defined.*
